
Aidan Fleming

Personal Profile

I have a great team ethic and love working within a team to achieve a common goal and we achieve such goals with communication which is one of my better strengths, but I am also fine with working independently to achieve a goal as well. I love taking initiative and helping people I believe this is a great attribute for a job that involves customer service. I also enjoy problem solving a lot of my experience throughout my jobs has given me an experience in solving problems. In a variety of situations
